

CONTRIBUTION GUIDE

Interested in contributing an object and/or story to the Founders' Memorial? Follow the steps below!

1. Think about what objects and/or stories you might have which may be relevant to the Public Call by looking back on your or a family member's experiences in the 1950s to 1970s and taking a look at our wishlist.
2. With your object and/or story in mind, fill out the contribution form at <https://go.gov.sg/shape-our-memorial>. The following steps will guide you on filling out the form:

Under 'Section 1: Share your object and/or story'

- a. Indicate if you would like to share an object and a story or just a story. Each option leads to a different set of questions.

Under 'How does your object/story relate to our history?'

- b. Share how your object and/or story relates to our history. Indicate if the object/story tells you more about our founding leaders, a significant event in our history, and/or a national policy.

Under 'How is your object/story special to you?'

- c. Share how your object and/or story is special to you. Highlight any value(s) your object and/or story reminds you of.

Under 'Tell us a little more about your object.'

- d. If you are sharing an object, tell us a little more about it. Show us what it looks like by uploading one or more photographs. If you are only sharing a story, you will not see these questions and can skip this step.

Under 'Section 2: Personal Details'

- e. Provide your contact information so that we can contact you after we review your submission.

After completing the form,

- f. If you have more objects and/or stories to share, go back to <https://go.gov.sg/shape-our-memorial> and start again from step a.
3. Thank you! You have successfully made a contribution. Please give us some time to review the contributions and we will subsequently get in touch with you on the outcome. In the meantime, do explore our online exhibition and check out our travelling exhibition if you haven't!
